

» 3.1 WHAT IS AN APPROVED RESEARCHER? NSIS PERSPECTIVE

Eurostat Workshop on Microdata Access

New Developments and a Way Forward

Luxembourg, 3-4 December, 2008

Ana Dulce Pinto
Pedro Campos

Statistics Portugal

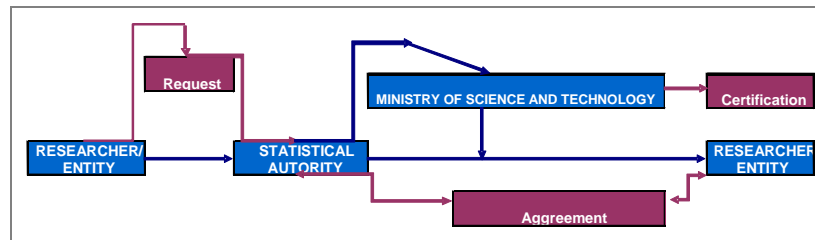

Portuguese Law

Recently approved a new Law:
new and specific provisions
concerning researcher's access
to statistical microdata

Simplified process

- entity
- document

Conclusions

- Final concept: a certified or approved researcher must fulfil specific criteria connected to I & D activities.
- Weaknesses: some difficulties result of the extension of the concept of I & D activities.
